New Collections 2025: RONAL Bathrooms launches innovative modern bathroom and wellness solutions.

In the new 2025 bathroom collections from RONAL Bathrooms, colours and versatile materials play an important role and form the basis for a high-quality and modern bathroom design that perfectly combines functionality and style. Attractive colour combinations, elegant metal profiles and other versatile materials and textures are used as a connecting element between shower enclosures and trays, bathroom furniture and bathtubs, creating coordinated, stylish bathroom solutions that are as aesthetic as they are qualitative and functional.

From the new elegant **sliding door shower series ORIANA** to the colourful **WALK-IN EASY One Colour** from RONAL and the **furniture collections RIGO and AMIATA** from KAROL – the new collections offer numerous design options for the modern bathroom, both individually and in combination.

The portable **SPA range ESCAPE** is the new wellness collection offered by RONAL Bathrooms in 2025. All four models of the outdoor pool SPA range ESCAPE by GLASS1989 are fully equipped as standard with the whirlpool equipment, Bluetooth speakers included. Also part of the standard equipment and wellness highlight is an “emotional” chromotherapy with colours, illuminating the water surface, promoting relaxation and increasing psychophysical well-being.
